RE: Landfill Permit – 56-03
Old Fort, NC

Dear Ms. Wilson:

This memo is to advise you of a change of ownership for the Collins & Aikman landfill and manufacturing plant in Old Fort, NC. The new landfill owner will be IAC Old Fort II, LLC. IAC Old Fort II, LLC requests that a new five-year permit be issued as soon as practical. Based on the Compliance Boundary and Monitoring Plan that was implemented in 1996 by Collins & Aikman, IAC Old Fort II, LLC believes that the landfill is in compliance with the plan and NC groundwater standards. Based on this compliance, IAC Old Fort II, LLC requests that the permit be issued with the same terms and conditions listed in the 2002 renewal. Also attached is a letter from McDowell County which supports the new permit.

The transaction is expected to be completed by October 1, 2007. The new person legally responsible for the permit will be Gary Geisel. IACNA Corporate manager of EH&S, 5300 Auto Club Drive, Dearborn, MI 48126, phone 313.240.3085. For technical questions, please call Chip Moore at 704.983.8345 and at the plant level Jack Davis will remain the inspection contact – 828.668.3235.

Please advise if you require any additional information.

Regards,

Collins & Aikman Products Co.

Raleigh, NC 27699 -1646

Subject: NCDENR Permit #56-03
Collins & Aikman Landfill, McDowell County

Dear NCDENR (Div. of Waste Mgt.):

The purpose of this letter is to indicate McDowell County's support of NCDENR reissuing Permit 56-03 to IAC Old Fort II LLC. IAC needs the landfill as a cost effective solution for disposal of carpet waste generated at the Old Fort plant. McDowell County does not have facilities or infrastructure to handle the carpet waste. Based on our knowledge, the landfill has been managed properly in the past and we have full confidence in IAC going forward.

Sincerely,

A handwritten signature in dark ink, appearing to read "Charles R. Abernathy", is written over a horizontal line.

Charles R. Abernathy
County Manager
